

**FOR IMMEDIATE RELEASE**

## **DeLand Opens New Public Works Building**

**DELAND, FL (Feb. 22, 2008)** – The City of DeLand's public works, engineering and public service administration departments will consolidate under one roof next week with the opening of the new headquarters for the City's public services division. The 1,200 square foot steel building, located at 1102 South Amelia, will house the utilities crew, the public works administration and work crews, and the engineering department. As of March 1, 2008, new phone numbers will be in place for public services.
