In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

¹ See Section 166.041(4)(c), Florida Statutes.

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):

The proposed ordinance will promote public health, safety and welfare by providing for a comprehensive stormwater rate plan for the next five years.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur:

There is a 36% increase in the per EDU cost over the five years.

(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible:

It is not a new fee. It is an incremental increase of an existing rates.

(c) An estimate of the City's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

There are no anticipated regulatory costs. The rates associated with the stormwater plan pay for the continued operation of the stormwater division. The total estimated revenue which includes residential parcels in 2026 will be \$3,128,505. It will increase incrementally over the next 5 years.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

All businesses will be impacted by the change in stormwater rates.

4. Additional information the governing body deems useful (if any):

The stormwater enterprise fund is completely funded by the stormwater rate plan. The ongoing maintenance, operations, and improvements in the stormwater system rely on the rates set forth in the plan.
